Webinar: Digital Methods for Dance History... (1pm EST)

Thursday 2/11

Webinar: Wait, ICPSR has that?? (1pm EST)

Friday 2/12

Last day to adopt a dataset

#LoveData21

<https://myumi.ch/ICPSRLDW/21>

Today:

- Learn about ICPSR's new Student Data Sandbox, an open repository for data used or generated by students
- Explore ways it can be used to teach research data methods:
 - as a source of data
 - as a tool for practicing data management and sharing

OpenICPSR: www.openicpsr.org/openicpsr/

Other ICPSR Resources

- Teaching & Learning: www.icpsr.umich.edu/web/pages/instructors/
 - Data-Driven Learning Guides and Exercise Modules
 - Handy Youtube videos and PDF guides for students
- Data-Related Publications: www.icpsr.umich.edu/web/pages/ICPSR/citations/

Find and share social, behavioral, and health sciences research data.

openICPSR Repositories

Requesting an openICPSR Repository

openICPSR repositories are fully-hosted, branded research data-sharing services developed to meet the needs of organizations sharing social, behavioral, and health sciences research data, including journals, research centers, or professional associations. Click on the "Requesting an openICPSR repository" tab to learn more.
