

Reddit & Email

Attention data librarians (or information professionals who do data things)!

We are two librarians at UNC Greensboro conducting a survey on Data Librarianship as compared with the characteristics of an energy vampire detailed in *What We Do in the Shadows*.

Adults (18 years or older) who are data librarians or information professionals who work with data and live in the United States are invited to [take our survey of data librarianship](#). Participation will take about 10 minutes.

If you have any questions, let us know.

Lindsay Gypin, Data Services Librarian, lagypin@uncg.edu
Jo Klein, GIS & Data Visualization Librarian, ejklein@uncg.edu
